12th German Open Molkky Championship 2019

15th - 16th June 2019, Erlangen

Information

Dear Molkky players,

Welcome to the DMM 2019!
Below are a few notes.

Important: The game folder

Each team must pick up its individual game folder at the information on Saturday morning from 9:00 to 9:30 o'clock.

It contains:

- 4 to 6 self-adhesive name badges with your printed team name (Not to be used on leather, silk and velvet). If still necessary please write your given names on them. Waterproofed felt-tip pens are available at the information desk. (All other pens smear over!)
The badges are for Saturday and Sunday, removing and sticking to another textile should be no problem.
- Individual fixture list (schedule of games)
The list shows you against whom on which court at what time you will have a game.
Further you can use it for your run of the play.
- Poll sheet
Please fill it out and return it to the information desk.
- 1 ball pen

Behaviour

We are guests at FSV:

Please keep the sports facilities clean and use the existing rubbish bins and ashtrays.

Camping is allowed due to an exemption, but please do not use the emergency route.

Nevertheless, respect the peaceful environment from 24:00 clock.

Please pay attention to all tent pegs when dismantling the tents.

Every year we find a few which can destroy lawnmowers.

We would like to come back next year.

Sunday, June 16, 2019

appr. 7:00 AM sandwiches, cakes and coffee at the playing fields

10:00 AM Games continue

appr. 5:30 PM Award ceremony after the final

From the half-finals there will be two referees per court.

All placements in the rankings (rank 1 to 64) will be played off. It is worthwhile for anyone to play on Sunday.

Course of the game

Preliminary rounds:

During the preliminary rounds each game court has its own clipboard with all corresponding fixture lists. Please provide the signed paper to the information desk after each game.

KO rounds:

The next game can be seen on the monitor. Please go to the information desk with the game number (above left) and pick up your relevant fixture list.

Other:

All courts are numbered. The game is not limited to the marked area; skittles can stand outside of the marking lines as well.

If there are any ambiguities, please contact the main referee.

Referees

One main referee (Walter) will help with tricky questions. If the teams will not come to an arrangement, just fetch the main referee who will make a decision.

We are looking for volunteers, who could act as a referee for the quarter-finals ("Round of 8") onwards. If you are interested, please come forward to the information desk and be subscribed as a referee for one of the final rounds. Now you need to remember only the time and then you referee the game ;-)

We would appreciate any help!

We wish all teams a lot of fun and success!

Your DMM Team
